From: Ronald Paquette , Chief of Department
RE: Approval of LOSAP Census List - 2021

In accordance with New York State General Municipal Law § 219-a, subsection 2c, I am pleased to provide the census list of fire department members for the calendar year 2019. This census is used to determine the awarding of a year of service credit in the Length of Service Award Program (LOSAP) administered by the village.

In the year 2021, there were 124 active members in the Hastings-on-Hudson Fire Department during the course of the year. A total of 64, or 51.6%, received 50 or more points, making them eligible to receive one year of service credit under the program.

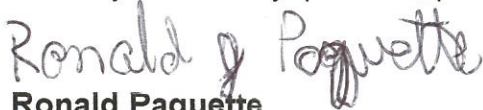

Under the current program, the maximum number of points that can be received in a calendar year is 180 points. The department had 4 members make over 100 points in 2021. Hastings-on-Hudson is lucky to have such dedicated members willing to devote much time and effort to serving their community.

On the census report, each department member is listed, along with their company, the amount of points earned in 2021, their active status and if service credit was earned. This is the first year that the department was able to use its new software program to create the report, which has reduced the time to compile the data by many hours.

In accordance with General Municipal Law § 219-a, subsection 2d, I respectfully request that the Board of Trustees review the attached list and approve the final certification by resolution.

Once approved, the list will be posted in each firehouse for a period of thirty days.

Should you have any questions, please do not hesitate to contact me.

Ronald Paquette

Chief Of Department

Hastings-on-Hudson Fire Department
