Incorporating core elements from the American Red Cross Community CPR and Junior Lifeguarding programs, this week-long intensive offers eager participants the opportunity to explore the job of a lifeguard! Preparing themselves for being some of the youngest working professionals, participants will develop important skills and awareness of the pool and water safety. Working closely with Chemka Pool's top staff, participants will learn the ins and outs of lifeguarding as preparation for taking a full course when they've reached 15 years of age.
