1. Minutes Approved

- a. The meeting was called to order and the Taskforce voted to approve minutes from the November 15, 2023 CSC Task Force meeting.

2. Project Coordination

- a. Solar
 - i. The subgroup reported it is working on a document to outline objectives, details and deadlines for launching a new Solar Campaign in collaboration with Solarize.
- b. Zero-Emission Fueling Stations
 - i. The subgroup discussed the Village's plans to work with INF to install multiple new EV chargers throughout the Village. A discussion was conducted about examining and adjusting the parking regulations pertaining to EVs while charging in the Village lots. It was noted that it will still be a challenge to assist multi-family residences to obtain EV charging.
- c. Water Conservation
 - i. The subgroup reported their progress in developing a draft "2.0 Resource Page" for the Village website. They expect to circulate a rough draft to the CSC before the next meeting.
- d. Green Infrastructure & Home Improvements
 - i. The subgroup will schedule a subcommittee meeting shortly regarding proposed project objectives.
