Solarize- report by Dan Lemons

2.5 weeks to go end is February 28th
at about 42 residential contracts at highest tier
31 in Hastings
Increase of 2.5 times installed solar at time Solarize campaign began – likely
will triple by end
420 inquiries total
High percentage of proposals offered have been signed/accepted
business/commercial no contracts signed yet but there are a number of
contracts in consideration.

Green Building Code- Sharon Kivowitz

Getting principals together in next 2 weeks to go over code & tweak as
necessary.
Christina Griffin- has used code a lot
Doug Aligood
Buddy

AIM Elisa Zazzera

Pipeline resolution passed unanimously at last weeks BoT meeting

CCA -Dan Lemons

Bidding still happening- not much else to report until we know the outcome
of bid process.
HoH has passed joining into it
Will be opt out for all Supply customers of ConEd. If you currently are with an
ESCO it will be an opt in

Preservation/Restoration of Hastings Woods - Andy Ratzkin

perhaps have a community meeting about current state, historic state, future
of woods. Is it in a terminal state?
Over email we'll get names of possible 'experts' to help assess. & lead
community discussion.

Tree Board – Not discussed as principal players not present

Transportation – Andy Radzkin

Andy will be on transportation committee .

Villages from Sleepy Hollow to Hashtings has put in a statement of interest for application for money from State to study route 9 corridor.

Textile recycling.

Jean & Elisa will vet from a number of vendors the best one to place bins throughout village.

Patrick Bell relayed that H&M are the owners of the textile recycling bin in Zinsser RR parking lot under bridge.
