Fellow Residents;

The Board of Trustees approved the budget this past Tuesday for the next fiscal year, which runs from June 1st 2018 through May 31st 2019. We approved a budget that lowers the tax rate on property to \$6.13 for every thousand dollars in assessed value (down from \$6.23), though the budget itself grew by 2.87% and most property owners will experience a small increase in taxes on the order of 2.4%, which amounts to less than \$100 for the average home. How that is so will require a bit of explanation, as will the key drivers that affect the budget.

The core budget (the “General Fund”) at \$15,542,302 was very tight: but for three line items. The areas where we saw significant jumps are: health insurance which increased \$305,000, our bond expense, which climbed \$267,000, and pensions which are up \$65,000. Each deserve further explanation.

Before proceeding with the budget details, a reminder that village taxes are approximately 20% of your total property taxes. The school collects roughly 70% of your total taxes and the town and county together the remaining 10%. Each of these entities sets its budget independently with its own unique tax rate. The school budget is approved by a community vote later this spring.

Health Insurance

Health insurance premiums climbed 16% (\$305,000) over last year due to a combination of an estimated increased premium of about 9.5% and the rest due to the conversion of three part-time employees to full-time. Employees pay nominally or not at all toward these plans, though that has begun to shift. There’s no point in revisiting the extensive national discussion about health costs and insurance, or why these costs continue to climb faster than inflation. The fact is they do, and long-term pose a mortal threat to all municipal budgets. Keeping taxes at or below inflation will become impossible, over the long-term, when one of our single biggest line items increases annually at many times inflation rates.

Debt expense

We saw a significant increase in borrowing costs annually (by \$266,735) as we converted \$2,724,500 we had been carrying in debt from something called “Bond Anticipation Notes” or BANs into standard serial bonds. BANs are temporary borrowings, at low interest rates that must be converted into serial bonds within 5 years of issuance. Last year we used BANs to fund \$1.2 million of road and curbs repair and plan on spending an additional \$800,000 in new funding for the road repair this year. When enough of these BAN borrowings accumulate, they get converted over into a traditional serial bond that sports a slightly higher interest rate but also require a repayment of principal. These conversions don’t happen often (as in home refinancing, fees must be paid to lawyers and bankers), and when the conversions do happen, there is a pop in the budget. The upside is that you get new roads or other infrastructure improvements now, when they are needed, and long-term the village often saves money by avoiding more

Pensions

Pension costs increased 5.5% (or \$65,859): these are assessed by the State based on an actuarial calculation they carry out of how many employees we have, their current pay, date of hire and years to retirement (among other factors). While New York State is in far better shape than most states, pension costs remain a long-term liability and the costs continue to climb, even in the current positive economic climate. We have some small bit of good news here. There have been ongoing efforts at pension reform and every few years, the State comes up with a new pension plan that the newest employee are then automatically enrolled in. The latest are more affordable to communities in the long term, but these new plans only apply to new employees, and turn-over is low, so it will be a while before the impact of these new plans propagate through the workforce.

Pension costs and healthcare are the items that most threaten the long-term financial health of the Village budget. We have very limited control over them, and they are advancing far more quickly than inflation, slowly consuming a greater and greater portion of the budget, and crowding out other spending.

Budgets, Tax Assessments, Levys, Taxes

=====

So, onto the annual effort to try to explain what assessing taxes actually means, further compounded by the more complex environment where assessments are rising.

Setting a budget

The Village Manager reviews the proposed budgets from each department during the winter and the Board gets this budget in March, along with the last ten years of actual expenses for each spending category (there are over 700 of these line items). Trustee Armacost acts as lead for the Board, comparing the proposed spending against these historical actual expenses. The Board meets with the individual department leaders and works with the Manager to adjust the budget.

Assessment Roll is Set

During this time period, the Town of Greenburgh's Assessor's office is fine-tuning its assessment roll for the Village. The roll is a listing of every property in Hastings and the Assessor's estimate of its current value. Since the reassessment two years ago, the assessment roll of the Village more closely reflects the actual value of the (taxable) property in the Village. Changes in the assessment roll reflect new building (such as the lofts built by Ginsberg Development Corp on 9A), increases in home values due to improvements (every time you apply for a building permit, it is reviewed to see if the renovation significantly affects your home's value and may lead to a reassessment upwards), and overall market conditions that affect house values. The total assessed value for all taxable property in Hastings is 1,808,253,522 which is up 5.4% from last year. Most of this increase in assessed value was a

Tax Levy is Set

The levy is the part of the overall budget that must be paid for by property taxes. The tax levy covers all expenses that cannot be covered by other sources of revenue – this year that amount is \$11,091,268. The levy that a municipality can charge has been capped by New York State at 2% above the previous year's tax levy – an increase of more than 2% requires a majority vote of the Board. We have never breached the cap in the five years this cap has been in place. The 2018-19 tax levy increase from 2017-18 is below what the New York State cap would allow. Residents receive a tax refund when we stay below the cap.

Tax Rate

So, we have the levy, which must be collected in property taxes to balance the budget. And we have the total assessed value of the Village. The tax rate is calculated by dividing the levy by the total assessment and then multiplying by a 1000 to come up with a tax rate per thousand dollars of assessed value - which the fiscal year beginning June 1st, 2018 will be \$6.13 per \$1,000 of assessed value. If your house is worth \$100,000, you will owe \$613.00 in Village taxes. (That part was easy enough, right?)

What you're going to pay

This year, that tax rate went down ten cents, or 1.56%. And yet, most people's village taxes will go up on average 2.4%. How does that work? Simple enough. The rate per \$1,000 went down 1.56% because there was a bigger pool of assessed value to divide the budget into. But most house values (assuming you did not renovate) went up 4% in value. So while the tax rate went down a bit, your house value went up a bit more, and so you owe a bit more in taxes. As an example, the average home's assessed value went up from \$642,474 to \$668,173. While the tax rate went down a bit, your taxes are going to go up around \$95.03, or 2.4%. If you renovated, your taxes may go up more. If your house stayed stable in value or went down, you're paying less this year than last.

Hopefully, the main themes come through:

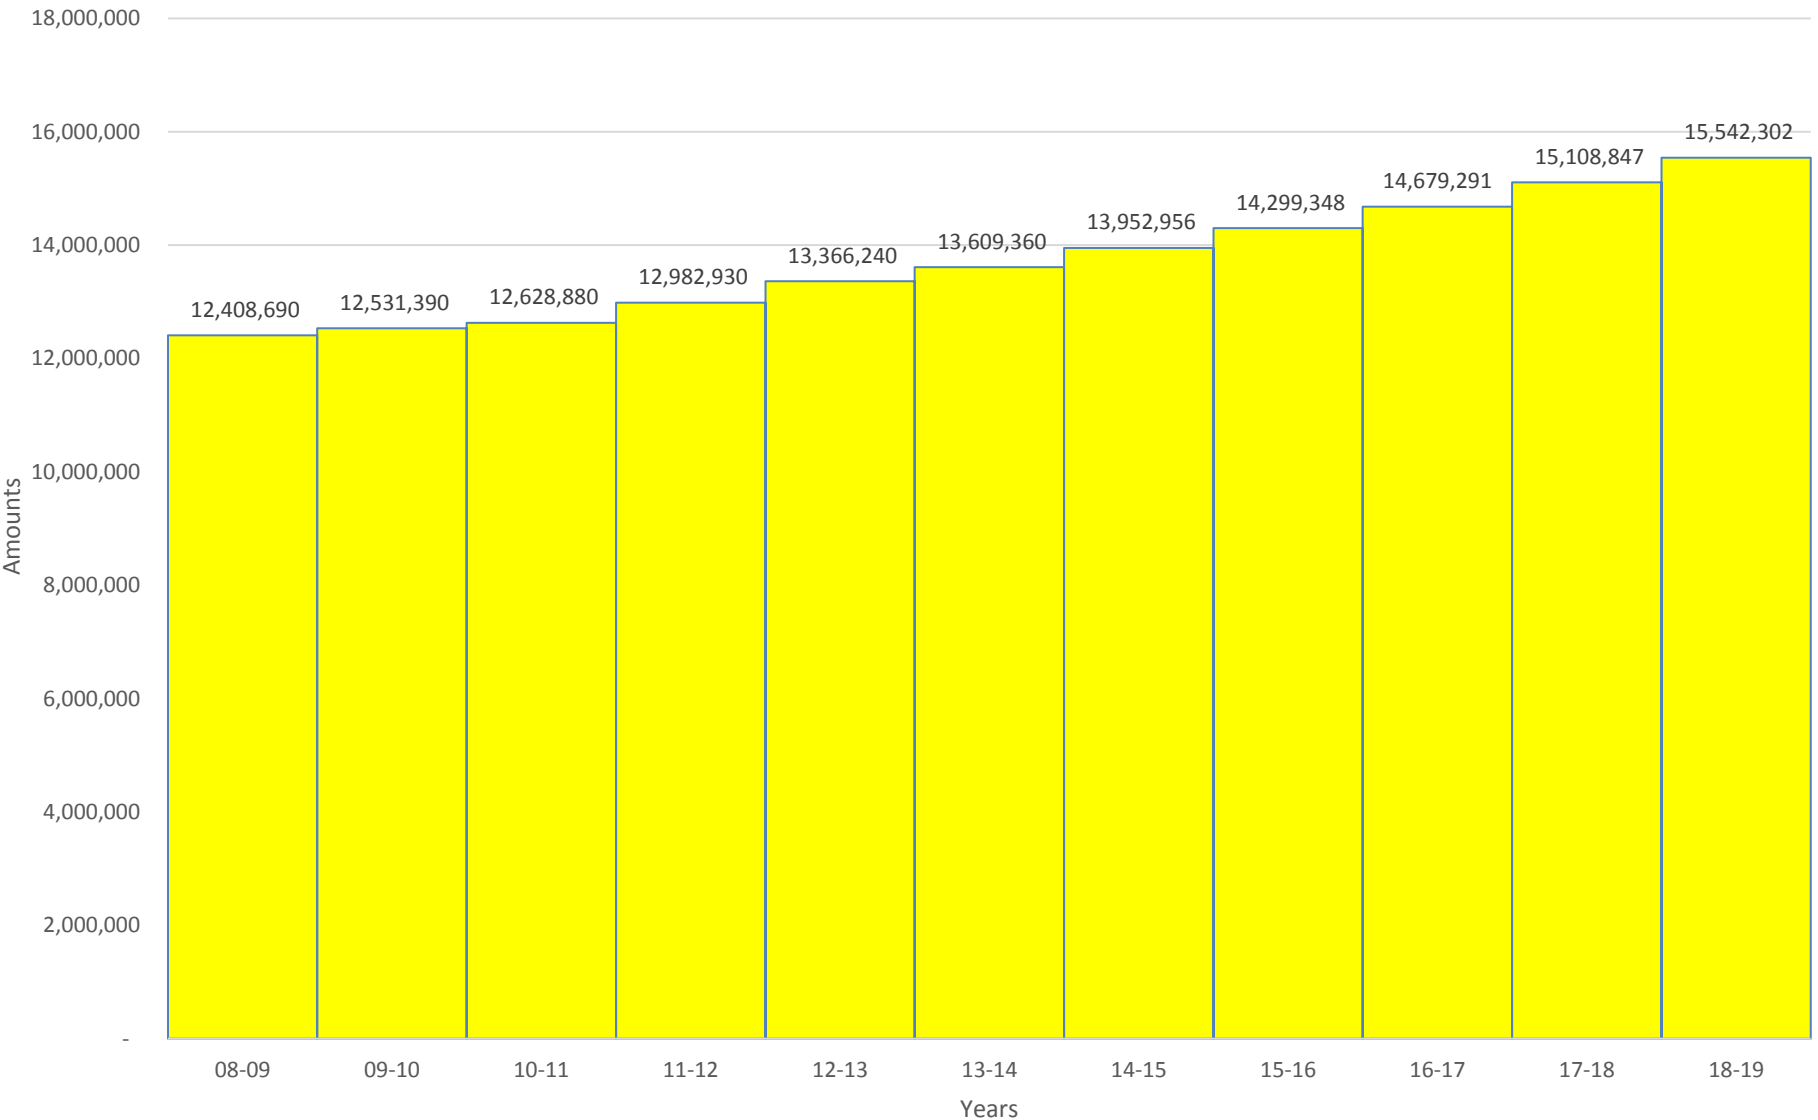

- The tax levy is significantly under the NY State 2% tax cap, so you'll get a rebate.
- A flat budget went up only because pensions, health costs and borrowing costs went up. (Pensions and healthcare are a long-term threat.)
- Village assessments are climbing, reflecting increasing home values as well as renovations and some new development.
- Which means a lower tax rate.
- But if you are a home owner, your house probably went up 4% in assessed value and so you will owe a bit more.

We work hard to keep those rates and increases low – the increases are the lowest in the Rivertowns, and the tax rate remains the lowest as well. Thanks go to the Village Manager for his careful management, and to the Village employees who treat your tax money very sparingly. It shows at budget time.

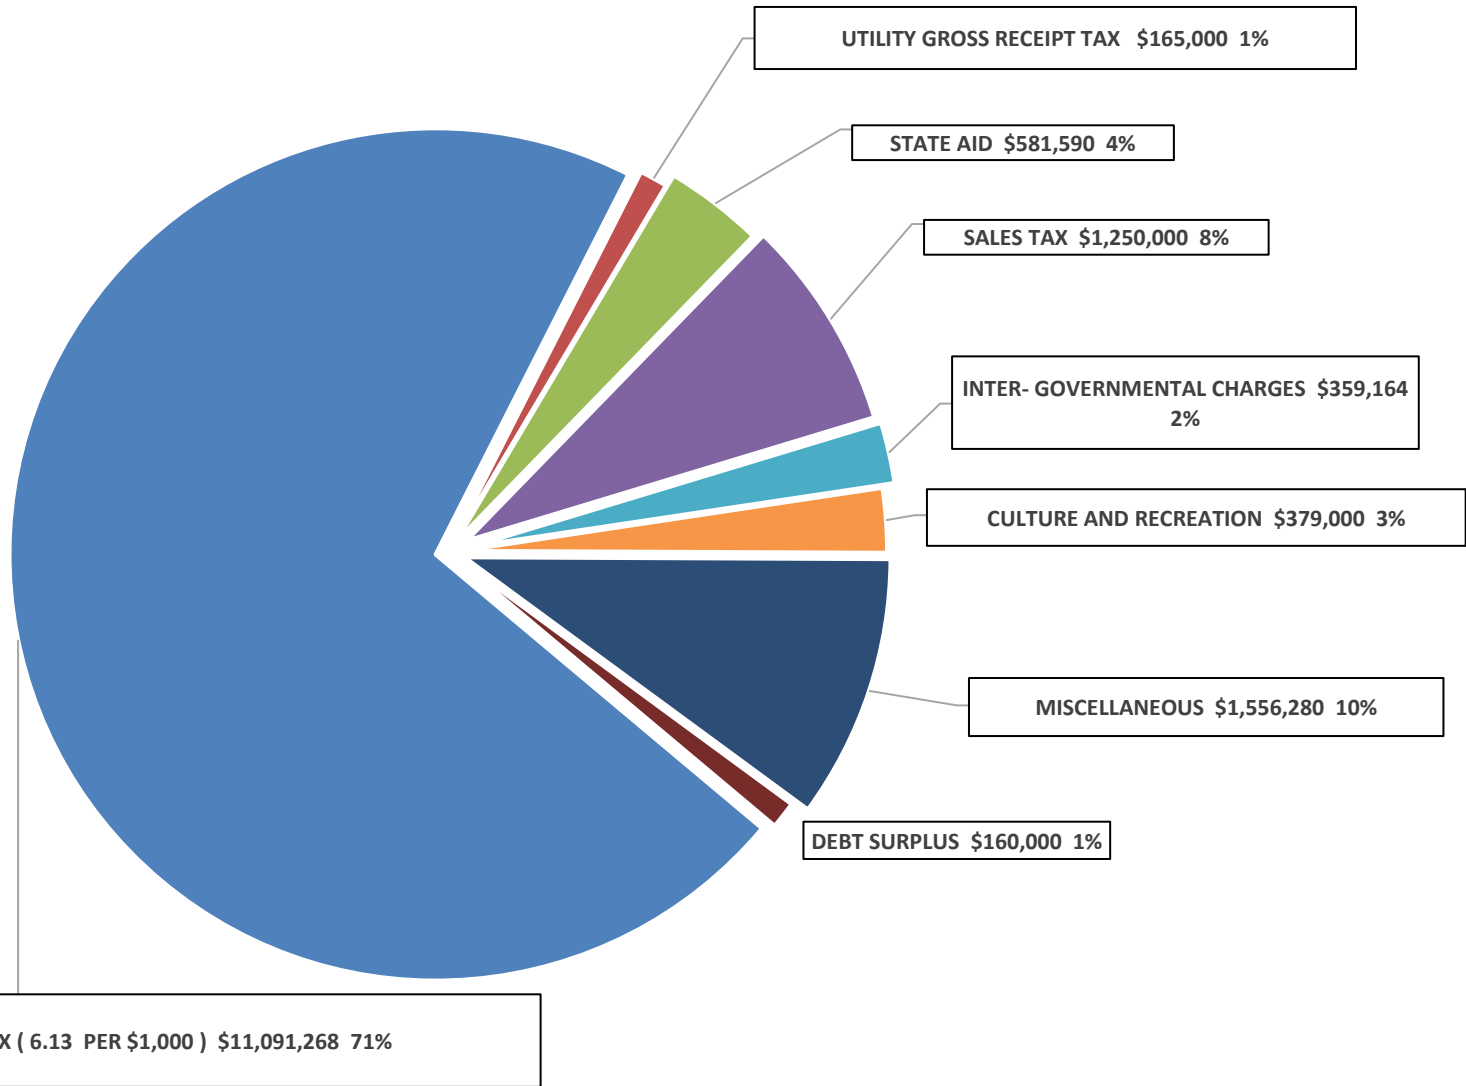

Sincerely,

Peter Swiderski

PROGRAM DESCRIPTION

The Board of Trustees is the legislative body of the Village. The Board establishes policy, enacts laws, approves contracts, adopts the Village budget, and engages in other activities as required by State or local law. The Board is composed of a Mayor and four Trustees elected at large for two-year staggered terms.

Personal services represent the Trustees' salaries at \$2000/ year.

Contractual expenses within this program include travel and other miscellaneous expenses.

Recently enacted state law requires the members of the Planning Board and the Zoning Board of Appeals to participate in minimum of four hours per year of training and continuing education.

The Board of Trustees has self-imposed a similar requirement upon newly-elected members of the Board of Trustees. The budget offers funding to permit that opportunity.

PROGRAM DESCRIPTION

All judicial functions at the local Village government level are vested in the Village Court which is presided over by an elected Village Justice assisted by an appointed Acting Village Justice.

The clerical functions of the Court are handled by a Court Clerk and an Assistant Court Clerk.

Contractual expenses are for stenographic, interpreter and jurors fees, office supplies, materials for the Court, computer and processing of parking tickets.

A portion of the fees collected by the Village Court is retained by the Village to cover a portion of the court expense.

PROGRAM DESCRIPTION

The Village Manager is appointed by and is directly responsible to the Village Board of Trustees .

He is the Chief Executive Officer of the Village and is responsible for administrative affairs, keeping the Board of Trustees advised on administrative and fiscal matters, properly executing all policies established by the Trustees, and enforcing local laws.

The Manager's budget includes the salaries of the Village Manager and a part-time Secretary.

Contractual expenses are for conferences, supplies and the Village Manager's library of professional and training materials for use by all departments.

As part of the Manager's budget, funds are provided for the payment to the Downtown Advocate. This position promotes the downtown business district and works to improve the economic health of the Village.

	136,092	153,386	159,136	5,750

PROGRAM DESCRIPTION

This function is responsible for exercising control over various financial aspects of Village operations through the accounting process. The Treasurer supervises the treasury and fixed accounts of the Village.

The duties include the handling of all investments of public funds, administering of the Village debts, and arrangement of Village bond sales. The program is staffed by the Assistant Treasurer, Payroll Clerk and a Bookkeeper.

Contractual expenses are for an outside independent audit, implementation of GASB 34, quarterly audit of accounts and maintenance of office equipment.

Treasury duties presently are shared among the Village Manager, Village Clerk and Deputy Treasurer. Presently, staff is exploring the need for retaining supplemental part-time (on call) staff to assist in offering oversight with regard to financial management and, perhaps, shared treasurer functions with a neighboring community. And while this suggestion has been mentioned in previous budgets, we have not totally given up on the concept of combined financial record keeping with neighboring communities.

PROGRAM DESCRIPTION

The Police Department is the law enforcement section of the Village government. Primary activities include the prevention and detection of crime, enforcement of the traffic laws, answering calls for assistance and other special assignments. The Village continues to have one of the lowest crime rates in Westchester county according to FBI statistics.

Authorized staffing includes one (1) Chief, one (1) Lieutenant, four (4) Sergeants, Three (3) Detectives, and thirteen (12) Police Officers. Also included is the cost of the school crossing guard program at five (5) locations.

Contractual expenses include vehicle maintenance and operation, E-Justice & Livescan costs, travel, tuition, office supplies, uniforms, physicals, training and leased vehicles.

Capital Outlay includes placement of two (2) street, pole mounted cameras. This purchase will provide a video recording of vehicles traveling along a major road to and in investigations of crimes or motor vehicle accidents. Additionally, funds are requested for the purchase of one (1) car mounted camera for the patrol division. This tool has proven to be extremely effective in identifying moving vehicles wanted in connection with a crime, a traffic violation or vehicle registration violation.

PROGRAM DESCRIPTION

This program provides expenses relating to signs and line painting for traffic and parking.

All crosswalks are painted when needed. Plans include use of an outside painting contractor to perform the work for the Village. Additionally, besides relying upon the Town for line painting and traffic sign placement, we have a Village owned line striper machine which we have a work crew paint the crosswalks. Through the use of an outside vendor, we can be assured that our road striping will be done in a timely manner.

This program cost has been transferred to the Department of Public works street maintenance.

PROGRAM DESCRIPTION

This program is responsible for the enforcement of parking, maintenance of meters and collections. It is staffed by a part-time meter repairman and three (3) part-time Parking Enforcement Officers. Future plans includes funding capital outlay with money to continue the process of retrofitting the mechanical and electronic parking meters with a new coin receptor. This will ease the collecting of coins from the meters. The user will not experience any change in the use of the meter, which will improve in the speed and security of the collection process.

The Village has implemented ParkMobile Pay-by-Phone which allows the user to pay the meter (at the commuter lot) through an application on their cell phone. This permits the Village to remove parking meters and relocate to other locations. The customer will enjoy a faster, more reliable ability to pay the meter.

Capital Outlay contains a request to purchase one (1) free standing pay station.

PROGRAM DESCRIPTION

This program provides maintenance of the Village-owned Hook and Ladder Building.

Capital outlay provides for building maintenance. Much work has been done to preserve this historic 1927 building by the members of the department and contractors. Repairs have included brick repointing, window replacement, roof repair and fire escape iron work. Funding this year reflects routine repairs which are normal in an aging facility.

Contractual expenses represent utility costs and building maintenance. Staff continues to work to preserve the structure.

PROGRAM DESCRIPTION

This program provides for all snow removal activities. All streets within the Village receive service on a priority basis, with the most heavily traveled streets and hills receiving first attention. Primary activities are plowing, salting, hauling snow and major intersection and parking lot clearance as needed.

The contractual expenses budget includes 1,300 tons of salt, equipment repairs and equipment rental for snow removal, when necessary.

Employees are assigned to this program on a seasonal basis, and the personal service line represents overtime only. These same employees are responsible for trash and recycling services during the normal work week and perform winter storm-related work as needed.

PROGRAM DESCRIPTION

This program is responsible for the operation and maintenance of all Village street lights accomplished through contract with New York Power Authority for power and Village forces for maintenance activities.

Contractual expenses include cost of electricity, maintenance of vehicles and street lighting fixtures.

The equivalent of a .5 employee is assigned to this function. The replacement of street lights with energy efficient LED fixtures has resulted in reduced power costs.

As of the time of this writing, all street lights have been converted to energy efficient LED lamps. Already we have seen a reduced expense with the LED conversion. We have been told to budget for a 9.5% increase in the cost to provide electrical service (ConEd) and the cost to purchase electricity (NY Power Authority).

PROGRAM DESCRIPTION

This program is responsible for maintenance and repairs to the Village's sanitary sewer system.

Activities include cleaning and repair of sewer mains as required and unclogging sewer laterals on an emergency basis. The Village responds to sewer line backups in the public right of way.

Contractual expenses represent materials and supplies for repairs, as necessary. Dependent upon the complexity of the necessary sewer repairs, the Village often times must have outside contractors to perform the work.

Employees are assigned to perform this service as needed.

PROGRAM DESCRIPTION

This program is responsible for the collection and disposal of refuse pick-up in the Village on a once-a-week basis, weekly recycling pick-up, weekly bulk pick-up year-round, a once a month Saturday truck for bulk and garbage parked at the DPW garage and the Village's yard waste collection program.

It is expected that the Village will collect approximately 3,340 tons of refuse and dispose of approximately 1,300 tons of recyclable materials. Additionally, the Village collects 2,650 cubic yards of yard waste. These numbers have remained steady over the past several years. Major contractual expenses include garbage/bulk disposal fees (\$28.30 per ton), equipment operation and maintenance, and supplies.

Nine (9) full-time employees are assigned to this function.

The Village has been recognized by Westchester County as one of the top municipalities with the highest curbside recycling rate.

PROGRAM DESCRIPTION

This program, initiated in 1991-92, is staffed by a part-time Senior Outreach Worker and provides counseling and assistance to senior citizens on issues relating to housing, landlord/tenant relations, transportation, health and taxes. New to the program in 2006 was Village participation in the Senior Citizens Rent Increase Exemption Program and the Disability Rent Increase Exemption Program. Both of these programs are intended to assist persons meeting age, income, and disability criteria.

The Senior Outreach Worker continues in an effort to seek out programs to benefit and address quality of life issues for the Village's senior population.

The Board-appointed Senior Citizen's Advisory Committee has resulted in program development for our aging population and an increase awareness of problems encountered by our Senior Citizens.
