1. Pick up and drop off suggestions around the school

Maureen Caraballo, School Treasurer, was present along with one (1) parent. A discussion was held suggesting an increase of the number of crossing guards for the school. Ms. Caraballo stated that the school would be willing to pay for the expense, however, Chief Visalli informed us that the crossing guard needs to be a Village employee and go through the Police Department. Another idea brought up by Ms. Caraballo was to have drop off zones along Farragut Avenue where the children could walk to school and free up the traffic in the morning. Both ideas were going to be researched.

A map was given to the council members that showed potential drop off zones and areas where more crossing guards would be requested.

Being no further business, the meeting was adjourned.

The next meeting of the Safety Council will be Thursday, October 19, 2017.
