We had a lovely pot luck dinner meeting at Margie's House. Delicious food and great company.

A lively discussion took place about what each of us would like this committee to be involved with.

Some of the comments were :

Take action to effect a better life for seniors.

Propose a special rate with the taxi company for seniors.

Continue to promote discounts for Hastings businesses for seniors.

Learn how people get started to organize and prosper and learn what other communities are doing for their seniors.

Safety issues in the village and street and building repair for seniors.

Learn about the zoning laws to advocate for seniors selling or buying real estate.

Make a resource list for seniors including those who are handicapped to better their life.(walking hills, driving, repairs to property etc) Recruiting more people to be part of our committee.

We will all take the summer to think about and bring to the committee these ideas and any other ideas to be as proactive as we can.

Our next meeting will be Tuesday September 25th at 5.

Everyone have a wonderful summer.!

Feel free to contact me any time this summer with any other ideas you have.
