March 8, 2019

Dear Mayor Swiderski and Honorable Board of Trustees:

I hereby submit for the Board of Trustees consideration, the 2019/20 Village Manager’s proposed general fund budget that totals $16,197,061. At this spending level, a tax rate of $6.13 is required, which when compared to the current year’s budget represents no tax rate change. This budget does require, however, the tax levy to increase by 4.1%. This levy is in compliance with the state law that establishes the maximum tax levy that may be established without the need to seek an override. The levy would appear as a percentage to exceed the maximum allowable levy, however, it is in compliance because of the unused tax levy capacity carried forward from the current year levy and the growth in property assessments. This budget uses the net assessed values established by the Town of Greenburgh in the amount of $1,881,521,954 which reflects growth of 4.0%.

The general fund budget (includes the Village contribution toward the cost of the library operations in the amount of $900,391) reflects an increase in expenditures in the amount of $592,300. The functional breakdown of the expenditure and revenues for the proposed FY20 budget is contained in a series of exhibits in the complete budget document. For a taxpayer with a home assessed at $668,173 (average assessment), this spending rate would require no annual property tax increase. All homeowners are advised to compare this example against the assessment of their property.

Revenues
This budget offers a projection of what the Village can expect to receive from the State, County, and locally generated revenues. As a general statement, several revenue categories have stabilized or declined, and we will probably not experience increases like we had during the last two budget cycles. We believe sales tax revenues will grow to $1,280,000; building permits are projected to increase slightly from the current year and parking permits and meter revenues have leveled off as a result of increases to those fees in previous fiscal years. The mortgage tax is anticipated to decrease slightly due to the drop off in home sales. We are now experiencing an increase in interest earnings with the resulting revenues projected to reach $50,000.

The Village’s outside independent auditor has affirmed the unassigned fund balance as of May 31, 2018 at $1,755,136. This demonstrates steps that have been taken to increase the fund balance to guard against future unanticipated revenues. This budget does recommend that a budgetary transfer from the fund balance to the capital reserve fund occur in the amount of $200,000 to allow the continuation of the road resurfacing program. With this resulting action, the fund balance will be reduced to represent an amount equal to 10% of the operating budget. This is in compliance with the Board of Trustee’s policy governing the fund balance.
This budget reflects the continuing philosophy to analyze and project revenues on a conservative basis. A financially precarious situation can develop rapidly if revenues projected to occur fail to materialize during the course of the fiscal year. Such an event would cause a community to rely on their unallocated fund balance or as euphemistically referred to as a rainy-day fund. We been able to avoid that situation.

The exception to the rule is that the budget does include the continuation of the State per Capita Payment in the amount of $68,434. The Governor is proposing the elimination of that payment to selected municipalities. The terms of the payment are proposed to be changed to reflect a payment based upon need, not simply population. At the time of this writing, the State budget has not been adopted. Likewise, Westchester County is discussing increasing the sales tax formula. What this could mean, if approved, Hastings-on-Hudson could receive more than the estimated $1,300,000 share of sale tax collected. The budget does not include an estimate of what that number could amount to.

Expenditures
The budget reflects an increase in expenditures of $592,300. The budget provides for the continuation of the delivery of municipal services which Village taxpayers expect. Improved productivity, purchase of the necessary tools to accomplish the task, and enhanced delivery of services continues to be the commitment of Village municipal employees. This increase in the operating budget in the amount of 3.8% is due in large part because of expenditures which are out of the direct control of the Village. By that, I refer to the increase in the amount of $69,177 for the required contribution to the public safety, municipal and fire protection service pension/annuity plans, and the increased cost to provide healthcare insurance coverage in the amount of $134,383.

In terms of new programs, the budget offers funds to begin a program addressing the restoration of the health of the Hillside Woods. As a result of a recent study, this budget includes funds for removal of hazardous trees and an aggressive program removing evasive vines from the park. The other noteworthy addition to the budget is continuing to provide the Police Department firearm equipment to carry out their mission of ensuring public safety. The budget also includes the leasing of two administrative hybrid powered sedans for the detective division and administration.

The budget includes the purchase of financial record-keeping financial software in the amount of $60,000. The Village made this type of capital investment in its financial record-keeping 20 years ago, however, technology has advanced and the software we’ve used in the past has become dated and needs to be updated. The system will enhance our capability of maintaining equipment record-keeping and accounting services.

Debt Service
The Village total debt service which includes library and pool payments is in the amount of $1,445,519.
Contingency

Traditionally, the Village has maintained a contingency account in the general budget. This year reflects salary adjustments and potential tax certiorari settlements. This budget contains a contingency amount of $140,000.

In closing, I wish to thank the department heads for their conscientious matter they went about in preparation of their operating budgets. The management team looks forward to presenting this budget during scheduled budget work sessions and the public hearing scheduled for April 2. We look forward to the examination by the Board of Trustees leading up to the adoption of the budget no later than April 30, 2019.

Very truly yours,

Francis A. Frobel

**PROGRAM DESCRIPTION**

The Board of Trustees is the legislative body of the Village. The Board establishes policy, enacts laws, approves contracts, adopts the Village budget, and engages in other activities as required by State or local law. The Board is composed of a Mayor and four Trustees elected at large for two-year staggered terms.

Personal services represent the Trustees’ salaries at $2000/ year.

Contractual expenses within this program include travel and other miscellaneous expenses. Recently enacted state law requires the members of the Planning Board and the Zoning Board of Appeals to participate in a minimum of four hours per year of training and continuing education.

The Board of Trustees has self-imposed a similar requirement upon newly-elected members of the Board of Trustees. The budget offers funding to permit that opportunity.
### PROGRAM DESCRIPTION

The Mayor is the policy leader of the Village and is the head of the Village Government. The Mayor presides over meetings and public hearings of the Board of Trustees and represents the Village before the State and Federal governments.

Personal services represent the Mayor's salary at $4,000/year.

Contractual expenses within this program include travel.

PROGRAM DESCRIPTION
This program provides for the general direction, coordination and supervision of the various activities of the Department of Public Works.

It is administered by the Superintendent of Public Works. A total of fifteen (15) full-time, summer employees and seasonal workers are assigned to the Public Works function and are reflected (as assigned) to the various sections of this budget. Besides wages, personal services include contractual longevity payments.

Contractual expenses include training sessions and supplies.

**PROGRAM DESCRIPTION**

This program provides for all street maintenance activities (other than snow removal) on the Village’s 35 miles of streets.

Primary activities include street patching, cleaning, catch basin cleaning and repair, emergency tree removal and special maintenance tasks, as required.

Contractual expenses include patching materials, truck repairs and supplies and street sweeping. Village streets are planned to be swept twice per year, with the downtown streets and parking areas done more frequently.
**PROGRAM DESCRIPTION**

This program is responsible for the preventative maintenance of all Village departments.

Personal service represents the Village Mechanic and a Mechanic’s Helper.

The contractual expense represents testing costs under the CDL program, the vehicle maintenance program, central gasoline purchases and fuel for heating the facility.

PROGRAM DESCRIPTION
This program provides for all snow removal activities. All streets within the Village receive service on a priority basis, with the most heavily traveled streets and hills receiving first attention. Primary activities are plowing, salting, hauling snow and major intersection and parking lot clearance as needed.

The contractual expenses budget includes 1,300 tons of salt, equipment repairs and equipment rental for snow removal, when necessary.

Employees are assigned to this program on a seasonal basis, and the personal service line represents overtime only. These same employees are responsible for trash and recycling services during the normal work week and perform winter storm-related work as needed.
PROGRAM DESCRIPTION
This program is responsible for the maintenance of the fire alarm and emergency siren system. Also the budget reflects the need to purchase replacement pagers and portable radios, as needed, for the firemen.

PROGRAM DESCRIPTION
This program is responsible for the operation and maintenance of all Village street lights accomplished through contract with New York Power Authority for power and Village forces for maintenance activities.

Contractual expenses include the cost of electricity, maintenance of vehicles and street lighting fixtures.

The equivalent of a .5 employee is assigned to this function. Our ongoing replacement of street lights with energy efficient fixtures has resulted in reduced power costs.

All street lights have been converted to energy efficient LED lamps. Already we have seen a reduced expense with the LED conversion.

**PROGRAM DESCRIPTION**

This program is responsible for the maintenance of the fire alarm and emergency siren system. Also the budget reflects need to purchase replacement pagers and portable radios, as needed, for the firemen.

This program is responsible for maintenance and repairs to the Village’s sanitary sewer system. Activities include cleaning and repair of sewer mains as required and unclogging sewer laterals on an emergency basis. The Village responds to sewer line backups in the public right of way.

Contractual expenses represent materials and supplies for repairs, as necessary. Dependent upon the complexity of the necessary sewer repairs, the Village often times must have outside contractors to perform the work.

Employees are assigned to perform this service as needed.

**PROGRAM DESCRIPTION**

This program is responsible for maintaining the Village’s storm sewer system. Activities include cleaning storm sewers on a periodical basis and maintenance activities as necessary.

Contractual expenses include maintenance supplies and annual rental of a vacuum truck.

Our workers are developing the necessary skills to build catch basin, pave roadways and perform construction work.

The Skilled Laborer position has had a positive influence on expanding the level of service provided as part of the street maintenance department.

PROGRAM DESCRIPTION
This program is responsible for the collection and disposal of refuse pick-up in the Village on a once-a-week basis, weekly recycling pick-up, weekly bulk pick-up year-round, a once a month Saturday truck for bulk and garbage parked at the DPW garage and the Village's yard waste collection program.

It is expected that the Village will collect approximately 3,300 tons of refuse and dispose of approximately 1,300 tons of recyclable materials. Additionally, the Village collects 2,650 cubic yards of yard waste. These numbers have remained steady over the past several years. Major contractual expenses include garbage/bulk disposal fees, equipment operation and maintenance, and supplies.

Nine (9) full-time employees are assigned to this function.

The Village has been recognized by Westchester County as one of the top municipalities with the highest curbside recycling rate.

**Program Description**

This program, initiated in 1991-92, is staffed by a part-time Senior Outreach Worker and provides counseling and assistance to senior citizens on issues relating to housing, landlord/tenant relations, transportation, health and taxes. New to the program in 2006 was Village participation in the Senior Citizens Rent Increase Exemption Program and the Disability Rent Increase Exemption Program. Both of these programs are intended to assist persons meeting age, income, and disability criteria.

The Senior Outreach Worker continues in an effort to seek out programs to benefit and address quality of life issues for the Village’s senior population.

The Board-appointed Senior Citizen’s Advisory Committee has resulted in program development for our aging population and an increase awareness of problems encountered by our Senior Citizens.

PROGRAM DESCRIPTION
This program is responsible for the maintenance of the fire alarm and emergency siren system. Also, the budget reflects the need to purchase replacement pagers and portable radios, as needed, for the firemen.

This program, under the general direction of the Youth Council, develops and coordinates youth activities within the Village in cooperation with community organizations, the School District and the Recreation Department. Program expenditures include the Youth Advocate program and other youth-related activities.

The program is staffed by a Director, Youth Advocate, and other seasonal or part-time staff as necessary.

Approximately 70% of the program is funded by New York State grants; the balance is paid for by the Village through the operating budget.
## PROGRAM DESCRIPTION

This program provides job referral services for the youth in the community and is under the general direction of the Director of Youth Services.

The program includes a part-time counselor working at the High School during the school year to match interested students with employment opportunities.

**Program Description**

This program is responsible for the maintenance of the fire alarm and emergency siren system. Also, the budget reflects the need to purchase replacement pagers and portable radios, as needed, for the firemen.

This program represents expenses associated with the Zoning Board of Appeals. Contractual expenses cover advertising, transcriptions for public meetings.

Recently-enacted State Law requires four (4) hours of mandatory training for the appointed members on the zoning board. Funds are included to cover training expenses.
## Program Description

This program represents expenses associated with the Planning Board and the Comprehensive Plan.

Activities concern the many land-use applications presently before the Planning Board for consideration.

As is the case with the Zoning Board, the Planning Board is now required to pursue continuing education in land-use principles. State law requires the Planning Board members to participate in at least four (4) hours of training annually to improve upon their skills and knowledge of land-use law.

Costs charged to this program include grant writing and grant administration.

**PROGRAM DESCRIPTION**

This program covers direct employee benefit expenses attributable to the General Fund.

Program costs reflect notifications from New York State of retirement and workers’ compensation rates and anticipated rates for health insurance and social security.

For next fiscal year, we have anticipated a 6 percent rate increase for combined cost of medical and dental insurance.
### PROGRAM DESCRIPTION

This program represents the transfer of funds from the General Fund to other designated funds.

The transfer to the Library Fund is in the amount of $900,391.

The transfer to the Capital Fund is to fund the cost of the Village Annual Road resurfacing program ($200,000) which in the past has been paid through a borrowing authorization.
