

THE VILLAGE OF HASTINGS ON HUDSON
RECREATION DEPARTMENT

SUMMER AT THE GARDENS

Join us for our annual summer gardening camp! This program is designed for children grades 1 – 4. Children will garden and dig-in as a community in shared plots. Together we will explore the reasons why we garden and how we get the food we eat everyday through raised-bed gardening, foraging, container gardening, and hydroponics. Children will be introduced to seed selection, transplanting, companion planting, crop rotation, garden design, organic pest management, composting, harvesting, and seed saving. The final day of camp will be celebrated with a harvest and children's run farmer's market. Hosted at the Zinsser Gardens, this children's program will consist of six one-hour Saturday morning sessions starting in May and ending in June. The program will be led by our very own, very talented community gardeners.

Session Dates:

May 19

June 2, 9, 16, 23, 30

9:00 – 10:00am

Limit: 12

Fee: \$60.00 per student
