Question:

Subject: Re: Landscaping RFP

Hi

Can you please elaborate on the following

This was from addendum #4

Answer: The work in the athletic fields, parks, or sides of roadways/highways do not fall under the attached prevailing wage schedules. This was a misunderstanding on the part of the Village. A company's standard wage rates may apply to this work.

*****does this contract bid require prevailing wage pay or does it not?*****

Thank you.

Answer: The work described in the bid documents does not fall under prevailing wage. Please disregard Addendum 3. We apologize for any confusion.
